

Name : Fatama Jannat Tisha

Roll : 131

Exam-Roll: 180650

Course No : CSE-308

Ans to the question No 1, 2, 3

Experiment Name

- ① Sequence diagram for online class and examination system.
- ② Activity diagram for online class and examination system.
- ③ Network diagram

Objective : ① To learn about the sequence of the state of the system. In this diagram it is showed how the order of the functions.

② In activity diagram it shows the correct concurrent flow and ~~decision~~ flow of the diagram

③ Network diagram create a visual representation of network architecture. It includes all the ~~sys~~ symbol of the system

Procedure ① ~~Self~~ determine the object

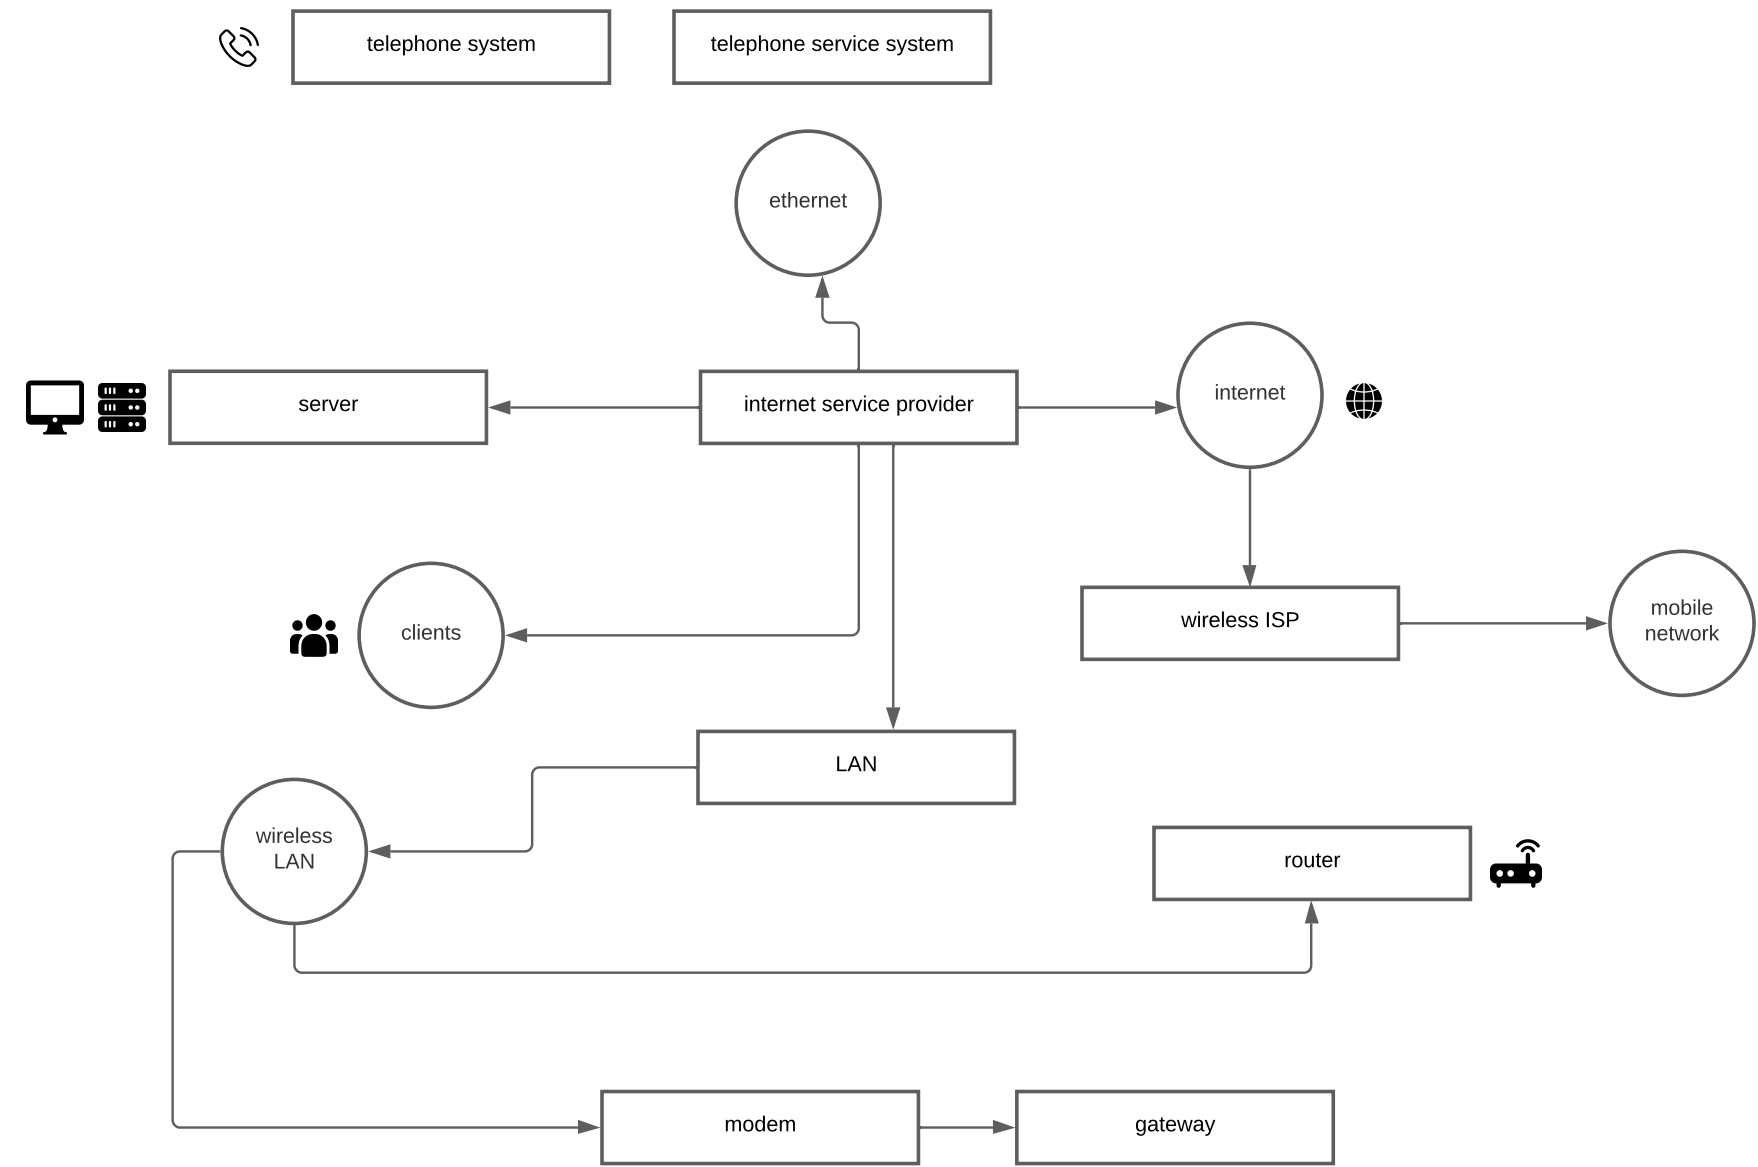

② Define the state ~~to~~ and show the relation between them.

③ ~~Det~~ Determine all the network component used in ~~use~~ your system.

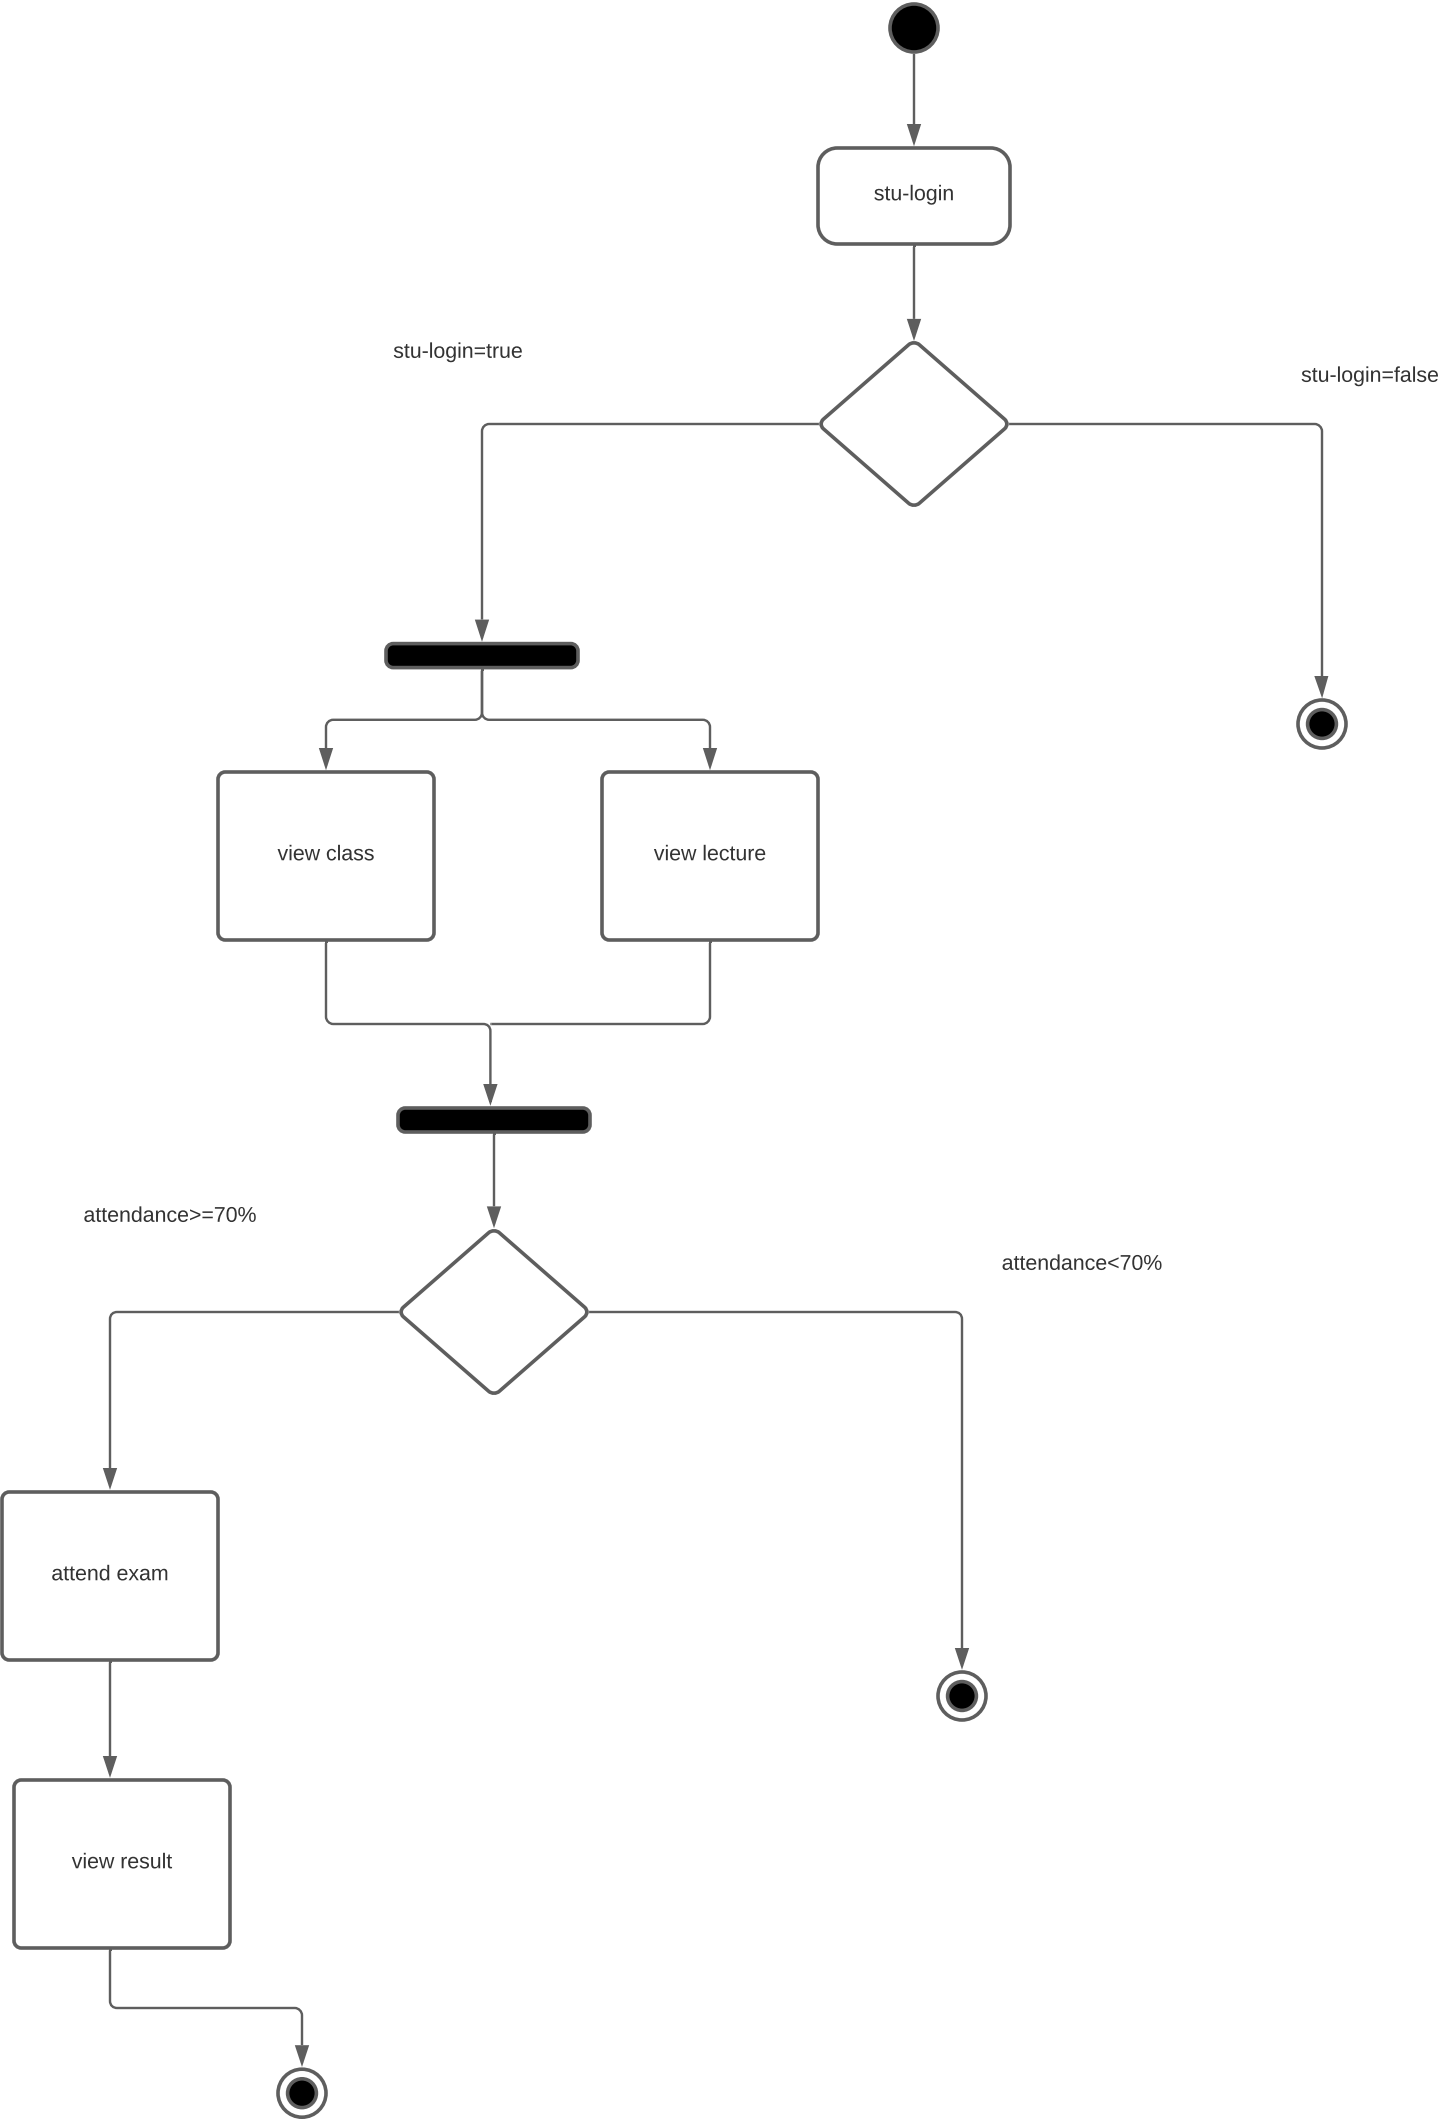

Design : added Added below.

Conclusion : Drawing these diagram gives us a perfect concept ~~ab~~ to go further with the system. To perform the team work ~~a~~ these help us a lot.
